

## DISCLAIMER:

The information in the reports provided are for the personal use of the authorised recipient(s). Under no circumstances, this information should be distributed publicly or reproduced without our prior permission.

The information provided in our reports is collated from publicly available data, which may be available freely e.g. annual reports, websites and media releases, mutual fund portfolio disclosures or which may be purchased by us from data providers/aggregators. We make every effort to validate the accuracy of the information included in the reports. We, to the fullest extent permitted by law, make no warranty (express, implied or otherwise), or assume any legal liability or responsibility for the accuracy, completeness, reliability and usefulness of this information. In many instances, the opinion expressed in the reports is our current opinion based on the current data available and the current market trends and is subject to change from time to time.

The report provided is a statement of opinion and not a statement of fact. It contains forward looking statements. The report is not a guarantee of any particular outcome and you may therefore not use any information, in full or in part as the sole basis for any decision you take. It should not be construed as recommendation for lending to or avoiding lending to a given company, as well as investing in or not investing in any instruments issued by a company. It should not be construed as recommendation for investing, not investing or exiting from any Mutual Fund scheme. An independent analysis and due diligence should be done before making any decision to invest/lend or not lend to the specific company, invest/not invest/exit from any Mutual fund scheme. Opinion, projections and estimates are subject to change without notice.

The information on this document does not constitute any offer, recommendation or solicitation to any person to enter into any transaction or adopt any trading or investment strategy, nor does it constitute any prediction of likely future movement in rates or prices or returns or any representation that any such future movements will not exceed those shown in any illustration. The information in our reports should be interpreted as indicative guidance only. We assert that any business or investment decisions should not be made solely based on the information presented in our reports. We recommend that the users should take proper / relevant professional advice before making any such decision.

ASQI Systems Private Limited or ASQI Advisors Private Limited are not a credit rating agency or an investment advisor, and is not purporting to provide you with investment, legal or tax advice. EG India Private Limited is registered as an Investment Advisor with SEBI. However, investment decisions may be dependent on the user's overall portfolio and risk taking ability and we assert that users should take proper / relevant professional advice before making any such decision. We, nor any of our affiliates, directors, employees or other representatives, accept any liability and will not be liable for any loss or damage arising directly or indirectly (including special, incidental or consequential loss or damage) from your use of this document, howsoever arising, and including any loss, damage or expense arising from, but not limited to, any defect, error, imperfection, fault, mistake or inaccuracy with this document, its contents or associated services, or due to any unavailability of the document or any thereof or due to any contents or associated services.
